We call Your attention to the fact that, in addition to the liability that You expose Yourself to in the event of an infringement of the rights of a third party or Your legal and contractual obligations, the rules that bind You to EURid interpret each breach of contract on Your part as justification for a denial of registration, the suspension or deletion of Your domain name by EURid, without Our ability to intervene.

Section .EU.13. EURid action on domain names (hold, lock and revocation)

Pursuant to EURid rules, You authorize EURid to intervene on the status of Your domain name and in particular to:
