Section .GY.3. Special requirements

.GY special requirements are available at:
<http://www.gandi.net/domain/gv/info>

.GY domain names are open to anyone.

To register a .GY domain name, You must agree to the following conditions:

- the registration term is from 1 to 4 years,
- to avoid any deletion of the domain name, the renewal must be paid and funds cleared **no later than 2 days before the Expiration date**,
- provide and maintain accurate, reliable and up-to-date personal contact information, failing this the .GY Registry and CoCCA can delete Your domain name,
- You do not acquire property rights of the domain name registered but rather that You are granted exclusive user rights of the domain name,
- names containing two characters followed by two hyphens are not allowed.

Once You have made the registration request on Our website, You (or the administrative contact) will receive 2 emails from the Registry. The first, to inform You of Your rights and obligations, the second, containing a link in order to activate Your domain name by accepting the Registrant Agreement and the Acceptable Use Policy of the Registry, and by confirming the validity of Your contact details. This activation procedure must be completed on the registration of Your domain name, the anniversary of registration, the renewal, or when performing an owner change. Failing to complete this procedure within the deadline given will result in Your domain name being suspended and then deleted by the Registry.

The process is started on Our Interface. Before requesting the transfer of the domain, please be sure that You have the domain's authorization code (supplied by Your current Registrar), and that Your domain name:

- does not have a TransferProhibited status,
- does not expire soon (We recommend that you start the transfer request at least one month prior to its Expiration),
- was created and renewed at least 15 days prior to the request.

The transfer's completion requires Your confirmation (by e-mail).

Upon successfully transferring a domain, the registration period is extended by one year.

Section .GY.8. Ownership change

The ownership change process is available on Our Interface, it requires the confirmation of the two parties by e-mail.

The owner change of a .GY domain name does not change the domain's Expiration date.

Section .GY.9. Deletion process

One day before the Expiration date, the domain name is released by Gandi to the Registry. All associated technical services are deactivated.

At this time, the domain name is placed in Quarantine status and can be restored, in accordance with the terms and conditions described on Our website and/or as communicated by Our customer service department. The length of the Quarantine period is 28 calendar days.

If the domain is neither renewed nor restored within these deadlines, the Registry will delete the domain name, which will become available for registration on a "first come first served" basis.
