During this period if the domain name for which You requested registration is identical to a trademark that is registered and validated with TMCH (according to the “labels” generated), You will receive a warning notice (“Trademark Claim Notice”) in real time on Our interface informing You that a third party has rights to the domain name You requested.

You must confirm or cancel Your registration request, with full knowledge of the notice and its consequences. It being specified that if You do not confirm the notice, Your request will not be sent to the Registry.

If You confirm Your registration request, third parties who own an identical mark are notified of Your registration.

Upon successfully transferring a domain, the registration period is extended by one year.
