<http://www.gandi.net/domain/boston/info>

.BOSTON domain names are open to anyone.

### Section .BOSTON.5. "Trademark Claim Notice" period

In accordance with ICANN rules, during at least 90 days upon general opening, a "Trademark Claim Notice" period will run.

During this period if the domain name for which You requested registration is identical to a trademark that is registered and validated with TMCH (according to the "labels" generated), You will receive a warning notice ("Trademark Claim Notice") in real time on Our interface informing You that a third party has rights to the domain name You requested.

You must confirm or cancel Your registration request, with full knowledge of the notice and its consequences. It being specified that if You do not confirm the notice, Your request will not be sent to the Registry.

If You confirm Your registration request, third parties who own an

identical mark are notified of Your registration.

For requests made in preregistration, beginning one day prior to the opening of the period concerned, Gandi will notify You by email of the "Trademark Claim Notice" and Your registration request will be put in "error" until You confirm or cancel Your registration via Our interface. It being specified that, in accordance with ICANN rules, if You do not confirm the notice, Gandi will not send Your registration request to the Registry upon the opening of the concerned period and cannot, in any case, be held liable for the non-registration of Your domain name and particularly if the domain name is registered by a third party who has validated the "Trademark Claim Notice" upon the opening of the period concerned.

It is Your sole and entire responsibility to confirm, if You want, all the notices received before the opening of the concerned period and the sending of Your request to the Registry.

### **Section .BOSTON.6. Reserved names and premium domain names**

(section "Naming Policy")
- names containing two characters followed by two hyphens and names beginning or ending by a hyphen are not allowed.

For requests made in preregistration, if the domain name You have preregistered is a "premium" domain name, Your request will be put in "error" and You will be notified by email. Then You will be able to either pay the additional costs applicable to "premium" domain names in order to validate Your registration request or cancel Your request. It being specified that if You do not contact Our customer service department and do not pay the additional costs applicable to "premium" domain names, Your registration request will be not sent to the Registry.

### **Section .BOSTON.11. Transfer (change of Registrar)**

The transfer-in process may be initiated on Our Interface. Before requesting the transfer of the domain, please make sure You have the domain's authorization code (supplied by Your current Registrar), and that Your domain name:

- does not have a TransferProhibited status,
- does not expire soon (We recommend that You start the transfer request at least 1 month prior to its Expiration),
- was created at least 60 days prior to the request,
- has not been transferred within the last 60 days.

The transfer's completion requires Your confirmation (by e-mail).

Upon successfully transferring a domain, the registration period is extended by one year.

### **Section .BOSTON.12. Ownership change**

The ownership change process is available on Our Interface and requires the confirmation of both parties by e-mail.

The owner change of a domain name does not change the domain's expiration date.

### **Section .BOSTON.13. Deletion process**

**Upon the Expiration of the domain**, We suspend (Hold) the domain name for 45 days, during which time all associated technical services are deactivated. Late renewal at normal price is possible during this period.

Then the domain goes into Redemption Period for an additional 30 days, and all associated technical services are deactivated. It can only be restored during this period in accordance with the terms and conditions described on Our website and/or as communicated by Our customer service department.

If the domain is neither renewed nor restored within these deadlines, the Registry shall place the domain on "Pending Delete" status for several days, and then delete the domain name, which will become available for registration on a "first-come first-served" basis.

**Section .BOSTON.14. Registrant representations and guarantees**

You agree to provide and maintain accurate, reliable and up-to-date personal contact information. Failing to do so, the Registry may delete Your domain name.

In any case, You acknowledge and agree that distributing malware, abusively operating botnets, phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise engaging in activity contrary to applicable law are expressly prohibited. Failing to comply with this provision, You expose Yourself to the suspension of Your domain name, in addition to the prosecution for the prejudice caused to third parties and to the penalties mentioned under applicable law.

You commit Yourself to indemnify and hold harmless the Registry and its subcontractors, and their employees, directors, representatives, delegates, shareholders, affiliates, agents, successors and/or assignees from and against any and all claims, damages, liabilities, costs, and expenses, including reasonable

legal fees and expenses arising out of or relating in any way to Your domain name. This indemnification obligation shall survive the termination of the present contract, whatever may be the cause, and is the direct consequence of Our accreditation agreement.

**Section .BOSTON.15. Exclusion of liability and actions of the Registry**

You acknowledge and agree that the Registry reserves the right to deny, cancel, or transfer any registration or transaction, or place any domain name(s) on registry lock, hold, or similar status as it deems necessary, in its unlimited and sole discretion:

- to comply with specifications adopted by any industry group generally recognized as authoritative with respect to the internet (e.g., RFCs),
- to correct mistakes made by the Registry or any Registrar in connection to the registration of a domain name,
- if required by a URS, UDRP, or court proceeding,
- for non-payment of fees to the Registry.
