The transfer-in process may be initiated on Our Interface. Before requesting the transfer of the domain name, please make sure You have the domain name's authorization code (supplied by Your current Registrar), and that Your domain name:

- does not have a TransferProhibited status,
- does not expire soon (We recommend that You start the transfer request at least 1 month prior to its Expiration),

- has not been transferred within the last 60 days.

Upon successfully transferring a domain name, the registration period is extended by one year.

Section .POKER.9. Ownership change

The ownership change process is available on Our Interface and requires the confirmation of both parties by e-mail.

The owner change of a domain name does not change the domain

name's expiration date.

Section .POKER.10. Deletion process

Upon the Expiration of the domain name, We suspend (Hold) the domain name for 45 days, during which time all associated technical services are deactivated. Late renewal at normal price is possible during this period.

Then the domain name goes into Redemption Period for an additional 30 days. It can only be restored during this period in accordance with the terms and conditions described on Our website and/or as communicated by Our customer service department.

If the domain name is neither renewed nor restored within these deadlines, the Registry shall place the domain name in "Pending Delete" status for several days, and then delete the domain name, which will become available for registration on a "first-come first-served" basis.

Section .POKER.11. Registrant obligations

You agree to provide and maintain accurate, reliable and up-to-date personal contact information. Failing to do so, the Registry may suspend and/or delete Your domain name.

You agree to comply with all applicable laws, including those that relate to privacy, data collection, consumer protection (including in relation to misleading and deceptive conduct), fair lending, debt collection, organic farming, disclosure of data, and financial disclosures.

If You collect and maintain sensitive health and financial data You agree to implement reasonable and appropriate security measures commensurate with the offering of those services, as defined by applicable law.

You agree to provide contact information, which must be kept up-to-date, for the notification of complaints or reports of registration abuse, as well as the contact details of the relevant regulatory, or industry self-regulatory, bodies in Your main place of business.

If You provide services related .POKER extension, You agree to

possess any necessary authorizations, charters, licenses and/or other related credentials and to report any material changes to their validity in order to ensure You continue to conform to appropriate regulations and licensing requirements and generally conduct Your activities in the interests of the consumers You serve. If the Registry receives a complaint expressing doubt with regard to the authenticity of licenses or credentials, the Registry will attempt to consult with relevant national supervisory authorities, or their equivalents regarding the authenticity.

You agree to indemnify, defend and hold harmless the Registry and its subcontractors, and their directors, officers, employees, affiliates and agents from and against any and all claims, damages, liabilities, costs, and expenses, including reasonable legal fees and expenses, arising out of or relating to the registration of Your domain name. This indemnification obligation shall survive the termination of the present contract, whatever may be the cause.

Section .POKER.12. Exclusion of liability and right of the Registry

You acknowledge and agree that the Registry reserves the right to deny, cancel or transfer any registration or transaction, or place any domain name on registry "lock", "hold" (suspension) or similar status, that it deems necessary, in its discretion:

- to protect the integrity and stability of the Registry or the domain names system,
