

ANNEX .SB - SPECIAL CONDITIONS FOR THE .SB ccTLD

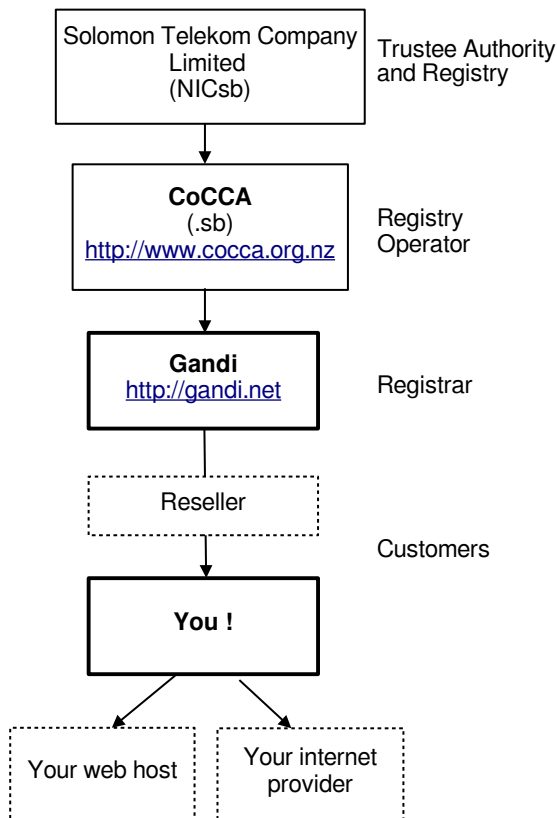

version 2.0 – March 26th, 2018

In addition to Gandi's [General Terms and Conditions](#) for domain name registration, the registration and use of a .SB domain name implies the acceptance of and compliance to the present special conditions contained herein.

All Your legal information and contracts can be viewed at any time via Our [website](#). Capitalized terms have the definition attributed to them in Our [General Terms and Conditions](#) of Domain Name Registration. Specifically, "You" refers to the owner of the domain name, and "We" designates Gandi.

Section .SB.1. Trustee authority and Registry

.SB is the official country code Top-Level-Domain (ccTLD) of Solomon Islands. The following diagram presents the various parties involved and the Trustee Authority for the .SB TLD:

You can view the information and special rules of each party involved by clicking on the respective links.

Section .SB.2. Registration terms and conditions

When You apply to register a .SB domain name, You acknowledge that You have fully understood, and that You certify to have full knowledge of and that You agree to abide by all the rules and specific conditions of .SB domain names, as defined by NICsb and CoCCA, and which may be viewed at the following page: <https://nic.sb/policy.html>

These contracts bind You to the .SB Registry and to CoCCA. The special conditions contained herein do not replace these rules, but rather form part of them. You acknowledge to have fully understood and accepted these rules on Our website.

Section .SB.3. Special requirements

.SB special requirements are available at: <http://www.gandi.net/domain/sb/info>

.SB domain names are open to anyone.

You must provide and maintain accurate, reliable and up-to-date personal contact information, failing the .SB Registry and CoCCA can delete Your domain name.

Once You have made the registration request on Our website, You (or the administrative contact) will receive two emails from the Registry. The first, to inform You of Your rights and obligations, the second, containing a link in order to activate Your domain name by accepting the "Registrant Agreement" and the "Acceptable Use Policy" of the Registry, and by confirming the validity of Your contact details. This activation procedure must be completed on the registration of Your domain name, the anniversary of registration, the renewal, or when performing an owner change. Failing to complete this procedure within the deadline given will result in Your domain name being suspended and then deleted by the Registry.

Section .SB.4. Registration term

The registration term is from 1 to 5 years. To avoid any deletion of the domain name, the renewal must be paid and funds cleared **no later than two days before the Expiration date**,

Section .SB.5. Pricing

Our prices can be viewed on: <https://www.gandi.net/domain/price/detail/sb>

Section .SB.6. Storage of contact information

You consent to the collection, use and publication in the [Whois](#) database of Your personal data by the Registry and CoCCA.

Section .SB.7. Dispute resolution policy

The .SB Registry has adopted the CoCCA Complaint Resolution Service (CRS) for .SB domain names, that You agree fully abide by: <https://nic.sb/crs.html>

Section .SB.8. Transfer (change of Registrar)

The process is started on Our Interface. Before requesting the transfer of the domain, please be sure that You have the domain's authorization code (supplied by Your current Registrar), and that Your domain name:

- does not have a TransferProhibited status,
- does not expire soon (We recommend to start the transfer request at least one month before Expiration),
- was created and renewed at least 15 days prior to the request.

The transfer's completion requires Your confirmation (by e-mail).

Upon successfully transferring a domain, the registration period is extended by one year.

Section .SB.8. Ownership change

The ownership change process is available on Our Interface, it requires the confirmation of the two parties by e-mail.

The owner change of a domain name does not change the domain's Expiration date.

Section .SB.9. Deletion process

One day before the Expiration date, the domain name is placed on Quarantine status and all associated services are removed. The domain name can be restored, in accordance with the terms and conditions described on Our website and/or as communicated by

Our customer service department. The length of the Quarantine period is 28 calendar days.

If the domain is neither renewed nor restored within these deadlines, the Registry will delete the domain name, which will become available for registration on a “first come first served” basis.
