Section .SHOP.4. Special requirements

.SHOP special requirements are available at:

<http://www.gandi.net/domain/shop/info>

.SHOP domain names are open to anyone.

Section .SHOP.5. Sunrise

5.1 Eligibility rules

Only owners of a trademark registered with the trademark rights protection mechanism "TMCH" (Trademark Clearinghouse) established by ICANN are eligible to make a request during the Sunrise period.

As a TMCH trademark agent, Gandi can proceed with the registration of Your trademarks with TMCH (service reserved to Our Corporate customers, please contact Our [Corporate team](#)).

Eligibility conditions concerning the registration of a trademark with TMCH and the applicable rules are available at the following address: <http://www.trademark-clearinghouse.com/downloads>

Once Your trademark has been validated, TMCH generates one or several "labels" strictly identical to Your trademark.

Upon the submission of Your trademark with TMCH, You can choose the Sunrise service, provided that Your trademark has been validated by TMCH. The Sunrise service includes:

- generating a "SMD" (Signed Mark Data) file that proves the

validation of Your trademark and allows You to make a registration request during the Sunrise period for one or several domain names strictly identical to the “label(s)” generated, provided that You comply with the eligibility conditions and rules enacted by the Registry,

- sending notifications (NORNs) that inform You of the registration of a domain name identical to Your trademark by a third party during the Sunrise period.

During Your registration request on Our interface, You must upload Your “SMD” file for verification.

5.2 Allocation rules

Sunrise applications are not reviewed on a “first-come first-served” basis, they will be considered as having arrived at the same time:

- if only one qualified application is made for a domain name, the domain name will be registered on behalf of applicant within the days following the end of the Sunrise period,
- if multiple qualified applications are made for the same domain name, the domain name will be subject to closed auction between all applicants for this domain name. Rules applicable to the auction procedure will be made available by the Registry.

When a domain name is allocated to You in Sunrise period, third parties who own an identical mark registered within TMCH are notified of Your registration.

5.3 Dispute resolution

Any dispute relative to the validation of Your trademark with TMCH must be submitted in accordance with the dispute resolution procedure established by TMCH:

<http://www.trademark-clearinghouse.com/dispute>

Any dispute arising from the allocation of a domain name during the Sunrise period must be submitted in accordance with the dispute resolution procedure established by the Registry that You agree fully abide by:

http://nic.shop/policies/shop_SDRP.pdf

5.4. Refund Conditions

In any case, You will not be entitled to receive any refund if Your application is rejected (eligibility criteria not met, “SMD” file invalid or revoked ...) or if the domain name is not granted to You (domain name granted to an other person during an auction, if a third party has successfully challenged the domain name registration ...).

Section .SHOP.6. Early Access Period

6.1 Eligibility rules

All conditions set forth in Section .SHOP.4. Special requirements apply to the .SHOP Early Access Period.

6.2 Allocation rules

Early Access Period applications are reviewed on a “first-come first-served” basis and domain names will be allocated to the registrant whose application will be considered as having been received first by the Registry.

When a domain name is allocated to You during Early Access Period, third parties who own an identical mark registered within TMCH are notified of Your registration.

6.3 Dispute resolution

Any dispute arising from the allocation of a domain name during the Early Access Period must be submitted in accordance with the dispute resolution procedure established by the Registry that You agree fully abide by.

Section .SHOP.7. “Trademark Claim Notice” period

In accordance with ICANN rules, as of the start of Early Access Period and until January for an indefinite period of time, a “Trademark Claim Notice” period will run.

During this period if the domain name for which You requested registration is identical to a trademark that is registered and validated with TMCH (according to the “labels” generated), You will receive a warning notice (“Trademark Claim Notice”) in real time on Our interface informing You that a third party has rights to the domain name You requested.

You must confirm or cancel Your registration request, with full knowledge of the notice and its consequences. It being specified that if You do not confirm the notice, Your request will not be sent to the Registry.

If You confirm Your registration request, third parties who own an identical mark are notified of Your registration.

For requests made in preregistration, beginning one day prior to the opening of the period concerned, Gandi will notify You by email of the “Trademark Claim Notice” and Your registration request will be put in “error” until You confirm or cancel Your registration via Our interface. It being specified that, in accordance with ICANN rules, if You do not confirm the notice, Gandi will not send Your registration request to the Registry upon the opening of the concerned period and cannot, in any case, be held liable for the non-registration of Your domain name and particularly if the domain name is registered by a third party who has validated the “Trademark Claim Notice” upon the opening of the period concerned.

It is Your sole and entire responsibility to confirm, if You want, all the notices received before the opening of the concerned period and the sending of Your request to the Registry.

Section .SHOP.8. Reserved names and premium domain names

Some words are reserved or prohibited:

<https://www.icann.org/en/about/agreements/registries/shop>

(specification 5. schedule of reserved names), names containing two characters followed by two hyphens and names beginning or ending by a hyphen are not allowed.

The registration of “premium” domain names is available on Our interface.

For requests made in preregistration, if the domain name You have preregistered is a “premium” domain name, Your request will be put in “error” and You will be notified by email. Then You will be able to either pay for additional costs applicable to “premium” domain names in order to validate Your registration request or cancel Your request. It being specified that if You do not contact Our customer service department and do not pay the additional costs applicable to “premium” domain names, Your registration request will be not sent to the Registry.

Section .SHOP.9. Registration term

The registration term is 1 (one) year for applications made during Sunrise or Early Access Period and from 1 (one) up to 10 (ten) years for requests made during the general opening. To avoid any

deactivation of the domain name, the renewal must be paid and funds cleared **before the Expiration date**.

Section .SHOP.10. Pricing

Our prices may be viewed at:

<https://www.gandi.net/domain/price/detail/shop>

“Premium” domain names are subject to specific prices that will be communicated by Our customer service department upon request.

Section .SHOP.11. Storage of contact information

Pursuant to ICANN contracts, all personal and technical information associated with the registration of Your domain name is recorded and made available to ICANN and IRON MOUNTAIN (ICANN's designated Registrar Data Escrow agent), in addition to messages pertaining to each registration or modification, during the entire duration of the registration of the domain name, plus the two following years.

You accept that the Registry and its subcontractors and agents can access Your personal contact information and process, copy, publish, modify and make such information available in the public [Whois](#) database.

You also authorize GMO Registry, Inc. and their subcontractors and agents to process Your data, in accordance and compliance with relevant applicable data protection and privacy legislation, and for the sole purposes of allowing Us to render .SHOP domain name registration services.

- does not have a TransferProhibited status,
- does not expire soon (We recommend that You start the transfer request at least 1 month prior to its Expiration),
- was created at least 60 days prior to the request,
- has not been transferred within the last 60 days.

The transfer's completion requires Your confirmation (by e-mail).

Upon successfully transferring a domain, the registration period is extended by one year.

Section .SHOP.14. Ownership change

The ownership change process is available on Our Interface and requires the confirmation of both parties by e-mail.

The owner change of a domain name does not change the domain's expiration date.

Section .SHOP.15. Deletion process

Upon the Expiration of the domain, We suspend (Hold) the domain name for 45 days, during which time all associated technical services are deactivated. Late renewal at normal price is possible during this period.

Then the domain goes into Redemption Period for an additional 30 days, and all associated technical services are deactivated. It can only be restored during this period in accordance with the terms and conditions described on Our website and/or as communicated by Our customer service department.

If the domain is neither renewed nor restored within these deadlines, the Registry shall place the domain on “Pending Delete” status for several days, and then delete the domain name, which will become available for registration on a “first-come first-served” basis.

Section .SHOP.16. Registrant representations and guarantees
