Section .SOY.5. "Trademark Claim Notice" period

In accordance with ICANN rules, during the Landrush period and 90 days upon general opening, a "Trademark Claim Notice" period will run.

During this period if the domain name for which You requested registration is identical to a trademark that is registered and validated with TMCH (according to the "labels" generated), You will receive a warning notice ("Trademark Claim Notice") in real time on Our interface informing You that a third party has rights to

the domain name You requested.

You must confirm or cancel Your registration request, with full knowledge of the notice and its consequences. It being specified that if You do not confirm the notice, Your request will not be sent to the Registry.

If You confirm Your registration request, third parties who own an identical mark are notified of Your registration.

For requests made in preregistration, beginning one day prior to the opening of the period concerned, Gandi will notify You by email of the "Trademark Claim Notice" and Your registration request will be put in "error" until You confirm or cancel Your registration via Our interface. It being specified that, in accordance with ICANN rules, if You do not confirm the notice, Gandi will not send Your registration request to the Registry upon the opening of the concerned period and cannot, in any case, be held liable for the non-registration of Your domain name and particularly if the domain name is registered by a third party who has validated the "Trademark Claim Notice" upon the opening of the period concerned.

It is Your sole and entire responsibility to confirm, if You want, all the notices received before the opening of the concerned period and the sending of Your request to the Registry.

Section .SOY.6. Reserved names and premium domain names

Some words are reserved or prohibited:

<http://www.icann.org/en/about/agreements/registries/soy> (specification 5. schedule of reserved names), names containing two characters followed by two hyphens and names beginning or ending by a hyphen are not allowed.

The registration of "premium" domain names is not available on Our interface, You would need to contact Our customer service department for this.

For requests made in preregistration, if the domain name You have preregistered is a "premium" domain name, Your request will be put in "error" and You will be notified by email. Then You will be able to either pay the additional costs applicable to "premium" domain names in order to validate Your registration request or cancel Your request. It being specified that if You do not contact Our customer service department and do not pay the additional costs applicable to "premium" domain names, Your registration request will be not sent to the Registry.

Section .SOY.7. Registration term

The registration term is from 1 to 10 years for requests made during the general opening. To avoid any deactivation of the domain name, the renewal must be paid and funds cleared **before the Expiration date.**

Section .SOY.8. Pricing
